## **APPEAL ON 5.1.2**

*Capacity development and skills enhancement activities have been organised for improving students' capability.*

On reviewing the evaluation criteria and the activities undertaken by our college, we believe that there may have been a misunderstanding and oversight that led to the low mark. We would like to request a reconsideration of this assessment since our college has conducted a number of activities for improving students' capability covering all the mentioned areas and skills like ICT / Computing skills, Life skills yoga, physical fitness, health and hygiene, Language and communication skills, Soft skills and has opted for Answer number A, that is, All of the above, which, according to NAAC's benchmark qualifies for 4 marks. As per the evaluation, our college was awarded only 2 marks out of 4, which we believe, does not accurately reflect our extensive efforts and accomplishments in organizing these activities. The number of activities for enhancement of students' capability on ICT / Computing skills, Life skills yoga, physical fitness, health and hygiene, Language and communication skills, Soft skills during the last five years is 111.

Following capacity development and skills enhancement activities are organised for improving students' capability during the last five years.

Sl No	Year	No of activities
1	ICT/Computing skills	7
2	Language and Communication skills	9
3	Life skills yoga, physical fitness, health and hygiene	23
4	Soft skills	72

The details of the Programmes are given in the tables below wherein links have been provided to access reports of all the programmes. The skill enhancement programmes dealing with the mentioned different areas have been classified in different tables according to the nature of the programme for easier understanding and review.
