

REPORT – Intellectual Property Rights and Grass-root Innovation
Department of Commerce & Innovation Club, Govt. Hrangbana College
In collaboration with Mizoram Science, Technology & Innovation Council(MISTIC)
Dated 6th October, 2017 @ The Golden Hall

RESOURCE PERSONS:

- 1. P.C.Lalngilneia, Scientific Officer on “Grass-Root Innovation”**
- 2. C. Laltlanzuala, Project Scientist on “ Overview of Intellectual Property Rights**

A seminar on Intellectual Property Rights and Grass-root innovation was organized on the 6th October, 2017 (10 am - 2 pm) in collaboration with the Mizoram Science, Technology & Innovation Council (MISTIC), an autonomous institution under the Directorate of Science and Technology, Government of Mizoram.

Mr. P.C. Lalngilneia, Scientific Officer of MISTIC gave a motivating lecture on innovation, the various initiatives undertaken by innovators, and the innovations that the students could undertake. It was followed by a question and answer session, where the students asked many questions on the innovative steps that could be undertaken by them.

The second session was taken by Mr. C. Laltlanzuala, the Project Scientist of MISTIC on Intellectual Property Rights, the various kinds and methods of acquiring them, and the kinds that could be applicable to the students as well. It was followed by a question and answer session, where the students asked many questions on the Intellectual Property Rights and other related issues.

The participants were mainly from the Department of Commerce and the Innovation Club members, the students were approximately 150 in numbers.
